Mrs Morgan's Trip to Kenya

As you know Mrs Morgan went to Kenya and visited three primary schools, She took many photos and told us all about the visit in Assemblies and in our classes. Our link with Bongu Primary school is very exciting and we are looking forward to know more about life in this part of Kenya. Mrs Morgan worked with lots of children and did some lessons on gender equality. Our donation of pencils and toothbrushes was greatfully received. We are looking forward exchanging work with the children when they start their new school in January.. The Kenyan teachers are visiting us in June 2020.

Solar Lamps

To help support Bongu Primary school we, as the V. I. Ps, have decided to raise money for solar lamps. We will do various fundraisers over the year to help raise enough money for the lamps. We will be doing this because the children are very keen to learn but, unfortunately the sun sets at 6pm so that prevents them from learning more as they have no electricity in their houses.

Christmas Jumper day Wednesday 18th December

Due to lots of illness this half-term, we were unable to make gingerbread men for the Christmas fair. So, instead we will be making them for Christmas jumper day and selling them after school outside. All the money we raise will go towards solar lamps.

Merry Christmas from the VIP Committee
